## Customer Reviews

Enjoyed reading about some the natural disasters of our history. Each one was exciting and kept you in the story. The characters in the stories I'm sure weren't looking for love but they found it. I've read some of the authors before. Each one did a great job. Looking forward to reading more by each one.

These inspirational stories warmed my heart. I would recommend them to everyone because there is an innocence and sweetness about how the characters follow the Bible examples they have been taught.

From fire to earthquakes to hurricanes and famine, this 5 book set brings the reader through some very tough times. In these pages some strong Christian men and women show you how to survive and thrive in the toughest of circumstances.

This is a very good collection of Christian love stories. Some I liked better than others, but, as a whole, it made for enjoyable reading. I would recommend this collection.

Great story lines made more interesting by actual situations which occurred in history. Great authors, highly recommended to all ages.

The writers shared in each story how God played into the lives of each character as they trusted Him through their experiences.

This was a great set of stories. Each writing by a great author. I have gone on to read other books by these same authors.

I really enjoyed reading these. They are very good stories and they will keep you reading until you have finished them
