Me, Inc.: Your Life IS YOUR Business!

Synopsis

Weâ™ve all been there â“ trying to make sense of our lives; trying to be balanced, be effective, and be happy all at the same time. Sounds like a tall order, doesnâ™t it? In fact, it is a tall order but not impossible -- if you have an approach with both structure and the flexibility that allows you to be effective AND to have fun while you are doing it. Very structured approaches only work for a very small percentage of people. This book is different. It approaches the problem of the lack of good self-leadership (the first and most fundamental leadership skill) with stories containing humor and insight. It has enough structure for understanding but not so much that it becomes a burden. You can easily adapt the ideas here to fit your unique life and circumstances to become an effective leader of your own life. After all, who doesnâ™t want to be happier? So letâ™s take a peek under the hood â |

I met the Cevin Ormond, this author, in a hallway after a seminar and discovered that he had written this book, "Me, Inc." Enjoyed talking to him and decided to get the book and give it a shot. I am about a third of the way through the book. His communication is clear and fun... it has helped me refocus on my What and Why and How; my motivation and activities that I have been struggling to keep fresh while building a new business and working full-time and having a parent in hospice care and a son with some very special needs plus a husband that is fun to spend time with. Already I feel a breath of fresh air in my day with the approach to ideas and suggestions that Cevin Ormond has presented... Looking forward to the working with the stepping stones that these ideas are helping me

refocus on. These stepping stones are not as challenging of a stretch as I was falling into the habit of imagining each day. Thank You, Cevin! I am glad our paths crossed!

Keeping our lives in perspective with easy to understand terms. This book is great to help you with your personal leadership skills for you life and will make it easier to become the leader for others as a result. Great insights into personal developement. I Highly recommend this book.

Me, inc. inspires. This is of the utmost importance to me. It makes you say to yourself "Yes, I can do it, I can do more, I can do better." We only get one shot at life, and "doing" and "being" is how we make the most of ourselves. I very much appreciate this book. As I was reading, I felt the energy, and I knew that I was better for having read it. I knew that I was "that much" closer to being the person I wanted to be. Thank You, Mr. Ormond, for a book that helps us be what we should be.

Awesome book! Not only is it well written, it is also inspiring and easy to read. The ideas presented are useful to a wide audience and can be applied on a daily basis. This is one of those rare books that you will want to read several times!!!

This book gives fuel to the soul by reminding us of timeless truths and principles which help us stay motivated to achieve our highest destiny. I recommend Me, Inc. to all who seek happiness and fulfillment.
