Synopsis

Hello, and welcome to the world of Bitcoin. As a business student, I have become fascinated with currency and how it is exchanged for consumer goods and services. I have gone out on my own to conduct extensive research on this interesting and secretive currency, and I am proud to provide you with my informational results. In the United States we use the U.S. dollar for currency, but many foreign nations don't recognize the U.S. dollar. What about a universal currency? Bitcoin may be able to contribute to this revolution, and many others. So dive on in on how this currency works, and get started as a major part of Bitcoin today! I have a Bachelor's Degree in Business Administration from Tiffin University and also an Associates Degree in Management Technology. To get started trading Bitcoin today (on the safest and most secure Bitcoin wallet-trading platforms), and for \$5 worth of free dollars in Bitcoin, visit coinbase.com/join/tclinger
