# THE WARNING A Novel Of America In The Last Days (The End Of America Series Book 2)

## Synopsis

In his Second Term the President is fulfilling his campaign promise to fundamentally change America. As a result of the Supreme Court upholding the McAlister Hate Speech and Hate Weapons Elimination Act, over half of America's guns are turned over to the government. Though it is a felony to own a gun, over seventy million firearms are retained by Americans. A confidential memo goes viral on the internet revealing that the White House, mainstream media, the entertainment industry and many in Congress are in fact Marxists, actively changing their country from capitalism to Communism. Americans nervously watch the President to see what will happen next. Car bombs explode near federal buildings across the U.S. The President accuses religious and Tea Party zealots of trying to overthrow the government. A U.S. Senator learns from his brother, a CIA official, that the bombings were a "false flag", concocted by the DHS as an excuse to arrest, imprison and re-educate conservatives, veterans and Christians. Pastors are arrested. Blood is shed. Patriots and veterans from across the country secretly organize an armed attack on the White House to remove the President from office. At the same time, Russia and Iran move military equipment and troops to the northern border of Israel and covertly install nuclear devices in U.S. cities. Will the President honor America's treaty obligation to defend Israel from attack? Are these events tomorrow's headlines? Will ancient prophecies of the fall of a rich, powerful and influential end times nation come to pass? WE'VE BEEN WARNED!

## Book Information

## Customer Reviews

"The Warning" is a "semi"-fictional book about Biblical reasons for leaving the United States. By "semi"-fictional, what I mean is this book is a made up story line of possible, or maybe even likely future events, juxtaposed against plausible Biblical prophecy and admonitions. The Biblical prophecy and admonitions deal with what constitutes the latter day Babylon the Great, and what Christians should do to remain faithful to God should they agree that they are living in Babylon's midst. The US is identified as the "Daughter of Babylon" based on the following "identity clues" found a number of verses of the Bible (see verse references, below): Is the daughter... The Same as the Mother? (the "mother" Babylon was known as being "anti-God" and was destroyed); The Hammer of the whole earth? A latter day nation? A nation of wealth and luxury? A multi-nation melting pot of a nation? A nation living on many waters? A center of world commerce The great voice Mad upon their idols? A nation that mounts up to the heavens? A place where nations gather? Proud against the Lord? A place with a large Jewish population? A deep water port nation? A nation that the Kings of the Medes won't destroy themselves? A land of entertainment? A nation other than the historical Babylon that is gone and won't be back? A nation that sits on (has bases in) the seven continents of the Earth? A nation sworn to defend Israel.? The book makes the case that the US is the "Daughter of Babylon."
