Tracing (Flash Kids Preschool Activity Books)

Synopsis

The process of tracing teaches children how to control their pencils in order to follow the lines and shape of an object with accuracy. Children will trace the loopy, swirly, squiggly paths made by planes, trains, and automobiles in this transportation-themed book. The exercises provide the perfect foundation for later writing skills.

Book Information

Series: Flash Kids Preschool Activity Books

Paperback: 80 pages

Publisher: Flash Kids; Act Csm edition (January 3, 2012)

Language: English

ISBN-10: 1411458117

ISBN-13: 978-1411458116

Product Dimensions: 8.5 x 0.2 x 10.8 inches

Shipping Weight: 8 ounces (View shipping rates and policies)

Average Customer Review: 4.7 out of 5 starsÂ Â See all reviewsÂ (11 customer reviews)

Age Range: 3 - 5 years

Grade Level: Preschool - Kindergarten

Customer Reviews

Great fine motor skill activities for my 2.5 year old. She thinks they are fun to do too! I ripped the pages out of book and put them in plastic sheets in 3 ring binder, and had her use a wet erase marker so she can do each one multiple times for practice.

Cute book. The only thing I would note about this book is that on each page there are directions written out, so you will be constantly reading them to your preschooler.

Only tracing book I was able to get my 3.5 year old son to actually use! Thank you for putting an airplane on the cover!

This book is neither good no bad. Just one from thousands. Plus for me is that sheets are

perforated. Cons: sheets are quite thin and quality leaves much to be desired.

This review is on the Tracing book. It's the right level for my 3 yr old. It's large and she likes the colorful pictures to trace on.

Fun pages, all of them are different and appeal to kids who like all kinds of things. My 3 year old loves it!
