Customer Reviews

This text is a little more worn than the ad suggested, but the price is still right and, as a bonus, the previous owner didn't write on the pages, but included their notes on filler paper within the pages of the text. Quite helpful!

No missing content. CD even came with it, however I never used it. Still able to get the job done.

It's a text book. And it came in good condition.

Item was delivered on time and as described
