Customer Reviews

I like this book because it has stuff for every kid. Dinosaurs, adventure, and funny jokes. Also because it is for those who are little could read with a grown up.

Nate, 9, says this book was very surprising and funny. Nate is a big fan of Geronimo Stilton and this adventure is awesome and contained some unexpected parts.

It's awesome and I really liked it because it was really exciting and I was shocked that the tigers hit their flag and it was in a cave in the dino lands.

It has good detail, but sometimes it is weird like he said "why doesn't somebody invent paper?" It is kind of weird, but otherwise it is a VERY good book

I would recommend this book to people who like adventures and this series. I love the mice and the ways they solve different problems.

The reason i chose this rating is because this book is great for my children they love it and read all of the books they can.
