## Customer Reviews

My grandson loves this book. He likes all the Highlight activity books. I especially like the fact that Highlights offers books in the age range that is appropriate for 1st graders or any age you are interested in getting books or activities. I know if its a Highlights book...it will be of good quality.

this would be a better product if it were in color instead of black and white..other than that, it was fun to find the hidden items.

All that they did was take the same pictures from other books, so again it was repeats and my granddaughter recognized that fact.

My 7 year old wanted this and loves it. Not too hard, not too easy. Great for daytime car trips!

Good quiet, visual discrimination activity for road trips.
