Big fan of this little series here, it certainly keeps your attention, and very well-written. I like how it just connects you to the main characters thoughts and after you pick it up, I cannot put it down. The hardships just never seem to stop coming for this guy, so much conflicted emotions he feels and it certainly passes onto the reader. one cannot read this without seeing how much one can relate it is almost strange. Nicely done can't wait for the next one of these fascinating tales.

Once again another amazing book by this author. I've been following him since discovering his

work. I would highly recommend any Minecraft or video game fans to purchase and read this book. I look forward to reading more books from this author.

This is another tantalizing tale following our hero Piers as he considers what it means to go from being a nobody to being the people's hero while also grieving the loss of a friend who may not be lost after all. This is another installment that is hard to put down. With every book in this series, I am ready to buy the next one before I even finish the one in my hands. If you have enjoyed the past books in this series, you have to get this one and find out what happens next!

This was an amusing read. If you like Minecraft, I'd definitely read this. It's well written and informative. The fact it was only \$.99 and instantly delivered to my Kindle makes the buy that much more worth it. Again, I'd like to recommend this book to anyone who plays Minecraft. It's got a low price and you can read it immediately.
