Waistcoats & Weaponry (Finishing School Series, Book 3)

Synopsis

[Young Adult Fiction (Ages 12-17)][Read by Moira Quirk] Gather your poison, steel tipped quill, and the rest of your school supplies and join Mademoiselle Geraldine's proper young killing machines in the third rousing installment of the New York Times bestselling 'Finishing School' Series by steampunk author Gail Carriger. Class is back in session . . . Sophronia continues her second year at finishing school in style - with a steel-bladed fan secreted in the folds of her ball gown, of course. Such a fashionable choice of weapon comes in handy when Sophronia, her best friend Dimitry, sweet sootie Soap, and the charming Lord Felix Mersey stowaway on a train to return their classmate Sidheag to her werewolf pack in Scotland. No one suspected what - or who - they would find aboard that suspiciously empty train. But when Sophronia uncovers a plot that threatens to throw all of London into chaos, she must decide where her loyalties lie, once and for all.

I got a copy of this book to review through NetGalley. This is the third book in the Finishing School series by Carriger. There will be one more book in this series titled, Manners and Mutiny, which is supposed to release in November of 2015. This was another wonderful book in this series full of adventure and steampunk elements. Sophronia is in her second year at the finishing/espionage school for girls. One of Sophronia's close friends, Sidheag, gets awful news about the werewolf pack she is part of on Scotland. Sophronia and her friends (Dimitry, Lord Felix Mersey, and the

Sootie Soap) hijack a train to get Sidheag home. However they never expected the train they hijacked to be carrying goods that could throw all of London into chaos. This is a highly entertaining and action packed YA steampunk read. I really love the characters, the steampunk devices and action throughout. There is a lot of humor in here too, which makes it a very fun read! Sophronia is still getting into loads of trouble, although she is learning that having friends to help her out is a good thing. She also spends quite a bit of time contemplating what to do with her future. She has an offer to work for Lord Akeldama after graduation, the Queen would also like to have Sophronia in service, then of course there is the handsome Lord Felix whose company she enjoys. I continue to really enjoy Sophronia, she is plucky, energetic, and fun to read about. There is a lot more drama and romance in this book than in previous books. Sophronia spends a lot of time with both Felix and Soap; both are trying to woo her and she is in a tough spot having to spend time with them both. There is also a ton of action.
