Customer Reviews

So far I have only used the first round of the letters that Brandon suggests and they removed negative items from all 3 companies! Looking forward to the next round results! It works! Thank you Brandon! :)

One of the best straight to the point credit repair books that I've ever read. Brandon Weaver simplifies the process and makes it understandably clear how YOU can repair your credit on your own. No more wasted time and money with credit repair agency false promises. Finally a book that gives it to you straight. Thank GOD. Best wishes to all the readers and those wishing to do it themselves. A very well and put together educational piece of information.

Excellent advice and information at a bargain price! For \$2.99 what do you actually have to lose except your bad credit score? It worked for me in just 2 weeks by having to use only the first of his 4 step process. I was completely stunned about just how easy and fast this actually worked.

This is a good book. The only reason that I did not give it the full five stars, is because of the misspelled words and a few punctuation errors. He gets down in the trenches nasty in some of his letters, and never lets the Credit Reporting Agency forget that he will not hesitate to haul them into court. Most of the time the CRAs need to be dealt with via iron fist. Brandon provides you with the iron fist. Next time Brandon, don't beat around the bush, just tell us what you think of the CRAs. :):) Anyone, after reading the book, will pick up on the intended humor in the last sentence.

I'm still going through the process but my equifax and trans Union have gone up 50+ points in two months and experian 89 pts!!! Thank you

He's the real deal. I know my credit was in the low 600's in June of 2016. My wife had a score of 538 and after applying the letters I was able to delete 18 collections on my report and 12 on hers. The funny thing is her credit was worse than mine and now her score is 780 (Excellent). Just got two new Chase credit cards. I still have 3 medical collections that I am fighting but since June my own score is currently Experian 646, TU 726, EQ 778. Great stuff- thank you Brandon!

This work is very brief and covers a small section of the federal law that pertains to credit repair. It is feisty and aggressive, and there is a time and place for that. The best thing this book does is gives you a perspective on what to expect when you contact the credit bureaus. \$9.99 seems a little steep for the amount of information, but if you are able to raise your credit scores (FICO) then it could pay for itself many times over. If you are too busy, perhaps running a small nation or something, and just CANNOT look Section 609 of the Fair Credit Reporting Act for yourself and read it, this book might be useful. There are no secrets when it comes to Federal Law, so buy at your own risk. AND, if you copy these four letters and just fill-in your account numbers, etc., the Credit Bureaus WILL reject your request out of hand. You might be better served by looking up the text of the FCRA online (Google is your friend) and reading the entire act. I have found exactly the same information on multiple websites, and a few that were even more in depth. The writing here is acceptable, formatting is professional.

Round One of letters resulted in 15 removals on CRA #1, 3 removals on CRA #2 and 4 removals on CRA #3. Sent out Round Two letters and am awaiting the results. Thus far have experienced success. I have to constantly remind myself to remain patient.
