# Last-Minute German With Audio CD: A Teach Yourself Guide (TY: Language Guides)

Synopsis

In just 75 minutes you can learn enough German to get by on your vacation! Elisabeth Smith has used her wide teaching experience to write a fun audio course that teaches you enough German to communicate all your basic needs. The course comes on one 75-minute CD and teaches only the essential words and phrases, which are extended by the use of body language. An accompanying 16-page booklet lists the words and phrases taught on the recording. The action takes place during a flight from London to Germany. Following a challenge from the passenger in the next seat to her, Elisabeth Smith agrees to teach him enough German to be able to get around on his vacation. The dialogue is broken up by in-flight announcements, meals and drinks being served and even some turbulence, making for an engaging and fun learning experience.

Customer Reviews

These Elisabeth Smith Last Minute language series are PERFECT! I used the French one last year and was amazed at how many phrases I picked up by listening to this in my car for just one week before travel. I found the German one to be equally simple and entertaining. The lessons are presented almost like a small play in which a woman teaches the bumbling idiot seated next to her on a plane a few phrases to use at his destination. By the end he's stringing sentences together, and you'll find you are too!
