## Customer Reviews

This book made me realize new stuff in the game that I didn't know before.also it got me started in minecraft. Thanks Tony pagan

This book was amazing, and I really enjoyed the illustrations throughout the book. If you want to start Minecraft, this is your book. But beware. You may be overshoot or ripped off if you do not have some understanding of how Minecraft works. Have fun with this book! Btw, DDOA stands for Demigod Daughter of Athena. yes, I know that Piper is the daughter of Aphrodite, not Athena, but I'm not talking about Piper here, I am talking about me. Have fun and remember to look over your shoulder at night! Watch out for creepers!

If you are a pro in Minecraft, it is not guaranteed that you know everything. Marionette wrote a 1 star review saying that and saying that she had been playing Minecraft for 7 years! Yes that's right, 7 years! Minecraft wasn't made at that time. Overall, this book was really helpful, and please make more of these awesome Minecraft handbooks!

I love this book because it does not tell just one thing but a whole lot of information. Also that it has just quick paragraphs that still tell the reader lots of facts! I love it!

I look forward to fighting mobs today. Now I need more words so I'm going to make up some.  
Nevermind

this book and the rest of Tony Pegens books are the same book Tony has published this book over five times under different titles the only different thing from each book is the order the tips are in I spent about five dollars on these books as well the books did not teach me anything I knew every tip this book had to offer. this book is terrible

ITS AWESOME THIS IS BOOK FOR PROS!

The book was mostly about PC tactics. Too bad I can't use the tricks and tips about witches, although there is stuff I can use, like how to beat magma cubes and ghosts. Just to let you know, I play on Xbox 360 edition. Thank you!
