Customer Reviews

I purchased this book for my husband, who is from France, to read to our daughter. She loves the pictures in the book. A word of warning, the French in the book is quebecios. My husband thought there were some mistakes in the book but realized it was just the French Canadian version of the word.

I thought that this would have the word of the animal and then a sentence in French about it but there was no sentence, just the word. The idea was for my French husband to read it to our baby but there isn't so much to read. oh well!

This little book just didn't do it for me & my babies. It's okay to have in your library.
